

**HAPPY
HOLIDAYS**

2016 has been a very exciting year for Legacy. As a community, we've hit many milestones and experienced amazing growth. Legacy was recognized as Calgary's Community of the Year from the CHBA SAM Awards, held a very successful first meeting for the Residents Association, and began construction on the first school in the community. In addition, the first Public Art piece, designed and sculpted by artist Jane Seymour, was unveiled at an incredible event. With only a month left in 2016, there is still a lot to look forward to as Legacy presents the annual Christmas Light Parade throughout the community, and prepares the ice rink for a December opening. In 2017, Legacy looks forward to opening the Community Garden.

CHRISTMAS LIGHT PARADE

Legacy is pleased to present the 2nd Annual Christmas Light Parade, with over 80,000 lights. Get involved in the community holiday activities by sharing photos of your home decorated in Christmas lights for your chance to win! Photos can be shared by tagging @CalgaryLegacy and #Legacylife on the **Christmas Light Parade Event Page**, accessible from Legacy's Facebook page. The top 4 posts with the most shares will win a \$250 gift card to South Centre Mall. Visit Legacy's Facebook page for more details.

 **SHARE AND WIN!**

The community ice rinks will be installed by December 15th, weather dependent. There will be two rinks located in the park on Legacy View SE. These rinks will be maintained by the developer throughout the winter.

SAFETY

- There are many roundabout intersections within Legacy, and it is important that all community members feel comfortable driving through them. The following link provides useful information on how to safely drive through a roundabout: transportation.alberta.ca/roundabouts.htm. Questions regarding roundabouts, road signage and driving, should be directed to 311 or Alberta Transportation.
- Please note that winter ice-related activities, such as walking, skating or cross-country skiing, are not allowed on the storm ponds. The storm pond is not monitored for ice thickness and rapid water level changes can create dangerous environments.
- A reminder that WestCreek Developments offers a \$1000 reward, upon conviction, for information regarding illegal dumping in Legacy.

COMMUNITY GARDEN

Legacy's Community Garden will open in Summer 2017! If you are interested in getting a plot in the Garden, visit the Legacy Residents Association website (legacyresidents.ca) in January for more details.

OPEN HEARTS EVENT

Jane Seymour was welcomed to Legacy on October 1, 2016 to unveil her 'Open Hearts' sculpture to the community. Over 450 residents and visitors joined us to celebrate the day. With the generous support of community members, WestCreek Developments made a donation to RESOLVE for \$25,000 at the unveiling. Please take the time to visit the beautiful sculpture in the park on Legacy Mount SE.

UPCOMING EVENTS

December

Visit the 2nd Annual family-friendly Christmas Light Parade, featuring over 80,000 lights! For some classic winter fun, drive or walk through the entire community to experience the tunnels of lights, Christmas displays and outdoor skating rinks! The community's 22 show homes have been decked out in lights for the holidays, welcoming one and all for some Christmas cheer. Toy Mountain donations can be made at the Calbridge show homes.
